2015-16 Letter to Household Family Income Survey

Dear Parent/Guardian:

As you may know, your child's school is now offering all meals at no charge. In order to help your child's school get the full amount of federal and state funding available to them and to make sure your child is receiving all the services they are eligible for, the school must have a way to identify children from households that are at or below the federal poverty level.

There are certain state funded programs (all-day kindergarten, learning assistance program, teacher incentives, and K-3 poverty) that are given to your child's school based on income levels of households for student's attending that school. This is why it is so important for you to return this information to your school. **Please complete this form by Sept. 1st and return to your schools office.**

Part 1.ELIGIBILITY: Look at the Income Chart below. 1.) Look for your household size and circle it. 2.) Calculate your total household income based upon how often you are paid and circle the amount closest to your income. 3.) Look at the row with your household size and see if the income is equal to or less than what is listed on the row for your pay period. 4.) **If it is**, then please **check the box** next to the household size. **If it is not**, then **Please check the box at the bottom of the form.** 5.) Turn the form over and fill out the remainder of the form and sign.

Income Chart

Effective from July 1, 2015 through June 30, 2016

Check if your household income exceeds your household size (Does not apply to my household.)

HOUSEHOLD is defined as all persons, including parents, children, grandparents, and all people related or unrelated who live in your home and share living expenses. If you're applying for a household with a foster child, you may include the foster child in the total household size.

HOUSEHOLD INCOME is considered to be any taxable income each household member received before taxes. This includes wages, social security, pension, unemployment, welfare, child support, alimony, and any other cash income. If including a foster child as part of the household, you must also include the foster child's personal income. Do not count foster payments as income.

Part 2. STUDENTS: Please fill in the following information for all children living with you that are attending school.

Students Last Name	Students First Name	MI	Date of Birth	School	Grade

Part 3. SIGNATURE: I certify (promise) that all information on this application is true and that all income is reported. I understand that the school will get state and federal funds based on the information I give. I understand that school officials may verify (check) this information. I understand if I purposely give false information that I may be prosecuted. I understand my child's poverty status may be shared with other programs/agencies as allowed by law.
