*Please **DO NOT** email senior photos to the yearbook- we will NOT be accepting any photos via email!*

**Please make sure you change the file name before submitting – files submitted with generic file names (example: IMG_459385.jpg) run the risk of becoming lost or of not being associated with the correct student!

**Please double check the size of your file before submitting – many pictures are submitted to us that are 70 dpi or smaller – these files are too small to print well in the book and could result in a blurry or low-quality senior picture.

**Yearbook reserves the right to edit or crop any picture to meet specifications- We reserve the right to reject any senior picture from a photographer or individual if it does not meet the requirements on this sheet. Both the studio and the senior will be informed of the problem and given a chance to retake the portrait or choose an alternative portrait for the book, provided that it will not jeopardize any yearbook deadline.
